

ERIKA GUTIÉRREZ

• Computer Engineer •

ABOUT ME

As a 21 years old Computer Engineer graduate, I've been looking forward getting the most knowledge as possible through the last 4 years, learning as many languages and frameworks I get interested in, in order to have the whole panorama and make my path.

On my way I've been able to work with several technologies in software development.

EDUCATION

2013 - 2017 •

- University Jose Antonio Paez

Computer Engineering

EXPERIENCE

2014

Freelance

2016

Software Developer

- Desktop applications created with JavaFX/C#.
- Several projects working with web applications using AngularJS/Angular along with design frameworks and MySQL/PostgreSQL
